

The Winter Collection

Cranberry Bourbon Manicure/Pedicure - Mani \$35/Pedi \$75

Give soles and hands some TLC this holiday season — they deserve it. We begin this treatment with a vitamin E and coconut oil - in fused soak. Next, a bourbon-infused scrub whisks the dry and rough away, so a creamy honey glaze serum can soak and replenish skin with hydration. Even Old Man Winter will be jealous! We end with a sultry, warm botanical oil massage, with a delicate dash of Madagascar vanilla and Texas distilled bourbon.

Vanilla Bourbon Marshmallow Massage - \$165

Inhale and now exhale deeply. This body massage eases muscle tension with a Vanilla Bourbon Body Oil sweeping over parched skin on legs, arms and shoulders. Warm up with a toasty body pack and neck pillow to melt your stresses away. Indulge in delight with a scrumptious layer of love for heels and toes with a Texas wildflower honey-based serum. We finish by sealing in this newfound softness with a shea and cocoa butter body balm scented with light notes of natural Tonka bean and sandalwood.

A Touch of Bourbon Hydrating Facial - \$165

Put your most radiant face forward — this renewing facial treatment is here to help! We begin with a touch of bourbon, gentle pre-cleanse to remove any makeup, while also prepping complexion for a green tea extract milk cleanser. After a time erasing exfoliation, skin is painted with a nourishing organic, probiotic coconut milk mask to balance, hydrate, and soften complexion. Next, we apply a rose water and Aronia berry extract tonic to pores. Our favorite part? It may just be the organic fig and cocoa vitamin serum that is painted on after your facial polish. This recovery serum replenishes complexion with vitamins A, E & K, and helps hydrate and improve skin's elasticity with dreamy, creamy Texas wildflower honey. We end with our eye-firming serum, to last you before your next round.
