Avocado-Lime & Honey Manicure/Pedicure - Mani \$35/Pedi \$75

Sit back and let us serve an afternoon spa snack in the form of total relaxation! First, you'll soak in a sprightly citrus-cilantro antioxidant oil that caresses dry skin. Next, enjoy whipped shea butter and fine sugar exfoliation to smooth the rough spots. Soak in GuacStar® hydrating avocado butter mask made with moisture- locking ingredients and skin feeding super antioxidants — green tea, goji fruit and pomegranate. Next, a drizzle of warm honey and live papaya fruit serum with skin-glistening Citrus Cilantro Oil leaves you nourished and ready to do absolutely nothing at all.

5 Herbs & Honey Massage - \$165

Reinvigorate your soul and your skin with this succulent massage. An herbal massage incorporating Buttermilk Lavender Steeped Milk® lotion and drops of crisp Citrus Cilantro Oil, awakens and moisturizes skin, all while a raw honey and live papaya fruit cell glaze is painted to refresh tired soles.

Avocado Buttermilk Smoothie Facial - \$165

Oh wholesome joy! Begin with gentle Green Tea Milk Wash cleanser to remove makeup and dirt. Next, skin glistens with a Vitamin Berry Tonic application before a smoothing fruit acid peel mask with naturally occurring fruit acids from papaya, organic U.S.grown blackberry and aronia fruits to name a few — clears away rough, dead skin. Then, an avocado butter mask is applied, infused with fatty acids, moisture-locking ingredients and skin-feeding super antioxidants — green tea, goji fruit and pomegranate. Add a splash of healing to this treatment with an antioxidant-recovery serum using resveratrol from Texas winery grapes — complexion will thank you. More soothing and firming takes place with a Three Milk Moisturizer peptide application, and a treat for the eyes as Crow Catcher®, a powerful line-smoothing eye transformation serum, begins to loosen the squint and bring on a refreshed appearance.
